SUMMARY

Founder and Director of Venturecore Solutions Private Limited and the Pirento ecosystem, recognised by DPIIT under Startup India. Delivered 100+ GST registration and compliance engagements through a Vakilsearch (Zolvit) partnership, lead a 10+ person team, and design and build the group's own software.

EDUCATION

MBA, Chandigarh University August 2026 – Present
B.Com, Siddharth University 2023 – July 2026

EXPERIENCE

Founder & Director · Venturecore Solutions · Pirento August 2023 – Present

- Became a Vakilsearch (Zolvit) business partner in October 2024 and onboarded 10+ corporate clients.
- Delivered 100+ GST registration and compliance engagements, contributing more than ₹10 lakh in early revenue.
- Managed a 10+ person cross-functional team across product, operations and strategy.
- Built Pirento INV, the invoicing and accounting system used across Venturecore and partner ventures.
- Led product design evaluation across UI/UX, usability and functionality, and used AI to speed up content, design and research.
- Managed trademark classification and brand and legal campaign work for Pirento and GIFTOX.

Co-Founder · Shri Sarraf Launching at shrisarraf.com

- Co-founded the brand with my brother.
- Defined the store policies, including 7-day replacement and prepaid-only orders.
- Invoices and payments run on Pirento INV under the Shri Sarraf brand.
- Brief and review the website build with our development partner ahead of launch.

Co-Owner & Retail Manager · Shri Sanjay Jewellers 2023 – Present

- Co-manage daily retail operations, inventory and customer relationships.
- Drive local sales and keep customer service standards high.
- Supported business restructuring, documentation and operational planning for formal company registration.

Site Coordinator · PWD Road Construction Project February 2023 – March 2024

- Coordinated execution of the full project.
- Managed site operations, resource allocation, timelines and quality.
- Monitored milestones and coordinated with project stakeholders throughout the project.

PRODUCTS BUILT

Pirento INV · Venturecore Billing · invoicing, GST & finance
One web app where every business in the group runs its quotations, invoices, payments, GST and finance, each with its own data, branding, email and payment gateway.

Pirento Blank · Trading journal & planning tool
A private trading journal and planning tool for NSE and BSE traders. It works out real P&L after charges and helps traders plan, control risk and learn from every trade. It does not give investment advice.

JBC Seva Trust website · Donation & seva platform
A Hindi and English website for JBC Seva Trust that takes online donations and memberships, sends receipts automatically, and collects medical-help requests and volunteers, with one admin view of every rupee.
